REMARKS BY ROBERT FORMAN, ALUMNI ASSOCIATION

Mr. Forman has been in his present position for twenty-five years. The Alumni Association is not a University department, rather it is a separate legal entity financed by income generated from the alumni. The goals of the organization are two-fold: to find ways for the alumni to serve the UM and to bring the alumni closer to the University. Alumni provide advice, counsel, and financial support. Presently there are approximately 200 alumni clubs located throughout the world. They help to recruit

students, provide scholarship support, and serve as emissaries to local communities. The association publishes a bi-monthly magazine whose purpose is enrichment, not public relations.

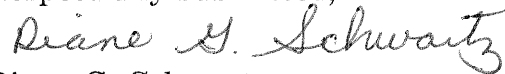

Each school and college has its own alumni organization, as do the Dearborn and Flint campuses. The alumni organizations sponsor coffee hours with faculty, continuing education programs, cultural weekends on campus, and the alumni family camp. The camp consists of eleven one-week sessions. Another area of interest is helping to recruit underrepresented minorities to the UM. In addition, the association sponsors a mentoring program, a job placement service, and scholarships for both in-state and out-of-state students.

The association has received many national awards for the quality of its programs. At the conclusion of Mr. Forman's remarks, Professor Diana offered his appreciation to Mr. Forman for having done such an excellent job of involving faculty in the work of the association. Professor Ness made a motion of appreciation complimenting Mr. Forman on having lead the association with grace, industry, wit and intelligence.

ADJOURNMENT

The meeting adjourned at 3:45 p.m.

Respectfully submitted,
