

Instructions for Town Hall Breakout Groups

Due to the exceptional level of interest in participating in Town Hall breakout groups, we are providing these instructions for new breakout groups that will be created to accommodate additional participation. The meeting moderator will create new breakout groups as needed. You will then be assigned to a breakout group.

The purpose of the breakout is to follow-up on what was shared in the Town Hall. Please discuss your questions and concerns with each other. If a participant is willing to capture the essence of your conversation, we would like to receive your thoughts and feedback. Feedback from all breakout rooms will be forwarded without attribution to the President and Provost.

Suggested question prompts include:

What are your biggest concerns regarding.....

Or

What issues were not addressed in the Town Hall that you wish to be considered?

Suggested themes that you may choose to discuss are listed below. Any notes that a participant is willing to take and provide to the Faculty Senate Office will be noted and shared.

Teaching and Work Life

Financial

Health and Safety

Policy

Other

Once your breakout group is done with their discussion at 4:30, you can leave the call. Please send the [Faculty Senate Office](#) your record of the conversation. Thank you for your participation.
