Summary: This year the MAAC hosted a variety of speakers from throughout the Health System and even broader University. Our goal was to bring people who are doing critically important work and to highlight this work to Dean Runge. Topics varied from hospital operations, to faculty development, and resident education. Due to COVID, we cancelled the March and April 2020 meetings, but reconvened virtually for our May meeting and will remain virtual for the foreseeable future.

The topics of focus for the year included:

Hospital Capacity Management-Drs David Miller and Vikas Parekh

Updates from the Conflict of Interest Committee-Drs Ray Hutchinson and Ben McCoy

The Patient Advocacy and Co-Worker Reporting Systems-Dr. Marie Lozon

Center for Health Engineering and Patient Safety –Dr. Amy Cohn

Updates from the House Officers Association-Dr. Sarah Bell, VP-HOA

Updates from the GME-Drs Sybil Biermann and Scott Gitlin
