

April 7, 2021

Colleen Conway
University of Michigan
Professor of Music Education
Chair, UM Faculty Senate

Dear Professor Conway:

I write in response to your email of April 6, 2021 seeking faculty to serve on the inaugural Standing Judicial Committee of the Senate Advisory Committee on University Affairs (SACUA). I have attached my cv for your consideration.

Over my professional career at the University of Michigan I have had the opportunity to serve the University community in a number of positions in the Medical School and at the University level. This has included service on SACUA, serving as Associate Provost for Faculty Affairs under Paul Courant and most recently as the Chair of the Department of Pediatrics in the Medical School. In these positions, I have both overseen, administered and been responsible for trainee and faculty grievances including academic and non-academic probationary actions and dismissals. During my time in the Provost Office, I oversaw a case that was being considered for 509 proceedings, but was eventually resolved prior to this action. I believe I have the experience, University policy understandings and requisite training in due process to fairly advise this important committee.

Thank you for your consideration.

Sincerely yours,

Valerie Opiari, M.D.
Professor of Pediatric Hematology Oncology
University of Michigan Medical School
