 Zoom

Time	Topic	Facilitator	Action Item
8:00-8:30	OIE Discussion	Tami Strickman	
8:30-9:00	COVID Vaccination/Return to Campus  1. What do you see as the pros/cons of UM mandating vaccines for students living in our residence halls? ... for all students? 2. How valuable do you believe it would be to create a data dashboard with information about vaccinations among our constituents? ...in the county? What information do you think would be most important to include and update for a vaccine dashboard? How willing do you think faculty would be to provide information about vaccination? 3. Many of our faculty have not been to campus for over a year. As we transition back to a residential experience (especially for our students) what do you think will be most helpful to increase our faculty's comfort level with returning to campus?	All	Discussion
9:00	SACUA presentation discussion.	All	Discussion
