Statement of Support to the SACUA Statement of Principles Concerning the Upcoming Presidential Search

The University of Michigan–Flint Faculty Senate Council (FSC) extends its support for an open presidential search process that reflects the values of transparency, shared governance, and broad engagement across all campuses of the University of Michigan.

The FSC endorses the recent SACUA [Statement of Principles Concerning the Upcoming Presidential Search](#) reflective of the shared values among our three campuses. We support a search process that ensures the next president is committed to protecting the interests of our University, the distinct missions and strengths of our three campuses, and to maintaining academic excellence, diversity, equity and inclusion, while advancing the public mission of the university.
