

GENERAL CHARGE FOR STANDING SENATE ASSEMBLY COMMITTEES

Standing committees are established by the Senate Assembly as mandated in Section 4.06 of the Regents' Bylaws. In collaboration with the Faculty Senate Office and SACUA, standing committees advise and consult with the vice presidents of the university on matters within the areas of their respective responsibilities. Senate Assembly standing committees are charged with bringing faculty voice and perspective to a broad range of university activities including policy and procedure. Senate Assembly standing committees shall strive to provide advice and consultation to their respective vice presidents in a timely fashion so that faculty perspectives are considered during the decision-making process.

The Senate Assembly is grateful for UM's vice presidents' time meeting with its committees and hopes that the meetings are of mutual benefit. Meeting agendas are best set collaboratively between the VP and committee chair, but because Senate Assembly committees are formed on behalf of the Faculty Senate, each committee retains final say on agenda items.
